

# HOW TO PREVENT YOUR STUDENTS FROM BEING ACCUSED OF A SEX CRIME OR DOMESTIC VIOLENCE

ANDREA M. HALL is a lawyer who represents people accused of sex offenses and domestic violence. With a track record for being a powerhouse in the court room and on the speaking stage, Andrea has seen the pain that sex offence and domestic violence charges cause for individuals and families. That's why she's so dedicated to preventing unnecessary charges in her community. She was part of the team that helped represent several high profile people, including the UNC football player accused of stabbing his teammate. Her job is to make sure the police and prosecution do their jobs, the constitution is upheld, and that everyone knows their rights.

*In this presentation Andrea shares how to prevent being accused and the 4 key things every person must know if they find themselves accused:*

- 1. PREVENTION** - Alcohol and drugs don't mix with sex. Your phone is for making calls not sharing personal or sexual information. It doesn't go away...it's like HERPES!
- 2. YOUR RIGHTS** - Remember you have a Constitutional right to remain silent USE IT.
- 3. WARRANTS** - Unless law enforcement has a warrant do not let them into your home or have access to anything under any circumstances i.e. (computers, cell phones...etc.).
- 4. LAWYER** - Know who's the best in the industry and contact them right away.

## ANDREA WILL SHARE:

1. Why less is more when being accused, even if you think you are innocent.
2. How to protect your rights in these very serious types of cases and managing the life-altering consequences, including life time registration as a sex offender.
3. How even if you are no longer engaged in an intimate relationship, you can still be accused of domestic violence.
4. Useful insight and knowledge about the legal system, how it works, and more importantly, how it doesn't.

*I engaged the services of Andrea Hall as a defense attorney, sight unseen, and with no references and/or referrals. Andrea has turned out to be a consummate professional. I found her subject knowledge, experience, along with a combination of great confidence and discipline, to be exactly what I needed. She is well educated in appropriate procedures and her ethics are above reproach. - Barb B.*

# SEX AND JUSTICE: WHAT YOU & YOUR LOVED ONES NEED TO KNOW IF ACCUSED OF A SEX OFFENSE

*In November 2008, my soon to be ex-wife accused me of pushing her. I found myself in the unfortunate position of being charged with Domestic Violence and 3rd Degree Assault by the City of Loveland, Colorado. I made visits with several Criminal Law attorneys who, without reading a single police report, making a single inquiry, or even hearing my recollection of events, recommended that I plea bargain with the District Attorney and accept the charges. Andrea Hall was the last attorney I consulted with and I knew I didn't need to look any further. She reviewed the entire applicable document that I brought to the consultation and documented the events that took place as I described them. Andrea provided me with several options, including a plea of not guilty, which led to a jury trial. I was found not guilty by a jury of my peers because of Andrea Hall's extensive investigations, attention to detail, and knowledge of the law. I am forever indebted to her for her excellent service. - Jason S.*

*Andrea was invaluable in helping us through a difficult time. After my son was arrested I was lost with no end in sight. We were threatened he would do life, threatened my daughter would be taken, and I was experiencing overwhelming emotions knowing our future would never be the same. On top of all of that, my son was forced to quit his job and move out of our home! Andrea walked us through the process providing a dependable defense making our days easier! She met with us at our home, instead of us coming to her and even called on weekends! I was impressed with the quality of attentiveness and responsiveness of her services. The outstanding legal counsel she provided helped me sleep better at night! - Michelle T.*

## YOU HAVE CONSTITUTIONAL RIGHTS! KNOW HOW TO PROTECT AND PRESERVE THEM!
